

CUTTER CRUSHER

Excavator Attachment

The RAMRADE Cutter Crusher has been specially designed for demolition applications, specifically for those industrial structures that have been constructed with steel beams.

Specifications	Unit	CC4	CC6	DHMD130	CC22
Machine Size	Tonne	2.5 - 6	4 - 9	14 - 20	20 - 40
Rotation		Free	Hydraulic	Hydraulic	Hydraulic
Max Jaw Opening	mm	312	400	530	720
Max Oil Pressure	Bar	250	250	350	320
	PSI	3630	3630	3556	4640
Recommended Oil Flow	LPM	40	60	160	180
Weight	Kg	205	355	1000	2300

KEY FEATURES

- Rotating Head
- Optimized Tooth Design
- Ability to Crush Concrete and Cut Larger Steel Work
- Large Jaw Opening
- Convex Shaped Breaker
- Long, Turnable Cutting Blades
- Ability to Reach Narrow and Hard-To-Get Areas
